**Proposal:**

In the academic year 2018-19 and the previous years, a proposal to allow the students admitted to under-graduate and post-graduate degrees (under the semester and annual system) who have passed the specified time limit to complete the degree, to take an additional one-time examination, was passed by the Vidya Vishayak Parishad meeting, was presented for consideration.

In the academic council meeting, the examination department has no objection for the students after the academic year 2014-15 to take the exams in their failed subjects and it will be difficult for the old students of the previous academic year 2014-15 to prepare individual question paper. The Chancellor (Evaluation) expressed the opinion that the students have to take the exams under the current syllabus and by registering the failed students and preparing a list of the subjects in which they have failed and according to that, in order to allow the failed students to practice under the revised syllabus, Equivalence of Subjects has to be fixed. He brought to the attention of the meeting the fact that there is a need for a period of 6 months.

While discussing the matter, thousands of students/their parents who have not cleared the exams who have been admitted to various degree courses in the years prior to 2018-19 are visiting the university every day and requesting to be allowed to write the exams and since the number of such students is increasing day by day and already the new National Education Policy (NEP) -2020) as per the updated syllabus from the academic year 2021-22

The meeting of the Academic Council noted the need to enable old students to complete their graduation in force.

Keeping in view the University Grants Aid Commission's Guidelines on Determination of a Uniform Span Period within which a Student may be allowed to Qualify for a Degree, the Vidyavishayak Parishad, as empowered by section 31 of the Karnataka State Universities Act, 2000, keeping in mind the academic and industrial interests of the students, may conduct examinations for students who have failed. It was discussed at length in the Vidyavishayak Parishad meeting about providing an opportunity to take and pass.

Date: 20.02.2024 Proceedings of the Special Syndicate Meeting The meeting of the Academic Council will decide the examinations for the students in the subjects they have failed in the 2018-19 and earlier academic lines. to give
