

LOCAL PUBLIC EXHIBITION BY DGQA,BENGALURU

On the 15th of December 2021, students of IIBCA (29 students) and IBCA (11 students) accompanied by two faculty members, Mrs.Jayakiruba and Mrs.Ann Kuruvilla, visited Local Public Exhibition organized by the Ministry of Defence. It highlighted the history of Defence Quality Assurance over the last 75 years.

The Exhibition was held as part of the "AZADI KA AMRIT MAHOTSAV" celebrations. It was open to the general public, particularly schools and colleges, intended to display Defence Equipment, Arms And Ammunitions/Cut Models/Sectioned Models, Testing Facilities, and the certification process for Defence Equipment, among other things.

Students Feedback:

- The exhibition recreated the incredible lives of our courageous troops who have been protecting us every day, risking their lives. We were able to examine the numerous military equipments employed in borders, such as missiles, which may be launched in two ways: from the surface to the target or from a flying aircraft to the target.
- SLR, INSAS, Machine Guns, handguns, and other military weaponry, as well as passive night vision gadgets, were exhibited. The usage of radars and their range was demonstrated with communicating devices and drones. The tracing and tracking of distant targets was also demonstrated in video format.
- We were honored to be invited to the DGQA (Directorate General of Quality Assurance) public display, and we are grateful to Maj Gen SD Chowdhary Sir and his team for making it such a memorable event.
- We got an insight into the equipment used by the troops and the working of military tanks. HAL, BEML, and BEL, all of which are based in Bangalore, also exhibited their designs.
- The team provided all information regarding military testing standards and procedures. The Director of the DGCA was also present for a Q&A session. Finally, each of us were given a pen with the words "AZADI KA AMRIT MAHOTSAV" inscribed on it, as a memento.

Overall, the display raised awareness on the military equipments and their usage. It was indeed a fantastic initiative by the Defence, on the occasion of the country's 75th anniversary of independence, to organize such an event.
