

## **BISHOP COTTON WOMEN'S CHRISTIAN COLLEGE**

### **INSTITUTIONAL DISTINCTIVENESS**

The Institution true to its mission vision statement focuses on empowering students in the pursuit of acquiring knowledge, developing a good value, responsibility towards the society and to achieve excellence in academic, sports and various other fields. By this approach we move forward towards the holistic development of the student.

The Institution creates a platform to different kinds of exposure through certificate courses, industrial visits, outreach programs, mini projects, entrepreneurship, sustainable ecosystem development, leadership training programs and extension programs.

The college has also enriched the students by organising workshops and seminars in order to give academic input to faculty and students.

The college is proud of the achievements of the students at undergraduate and post graduate programmes at the Bangalore University. Students have received the gold medal for securing highest marks in Nutrition & Dietetics and Home Science at the Undergraduate programmes and students also bagged the gold medal for securing the highest marks in M. Com and MSc Psychology.

### **Certificate Courses:**

The college apart from teaching the syllabus prescribed by the university, also encourages the students to enrol for short term certificate courses either online or at the college premises. This enhances the profile of the students and also creates employment opportunities in the field of their interest.

A few of the certificate courses are listed below,

- Tally Prime
- Capital Market
- Swayam certificate courses
- Business Environment
- Business Research Methods
- CRISPR Course Topic: Next Generation Therapeutics Duration.
- Python Programming

In continuation to this, Departments also encourage students to take up online certificate courses on Artificial Intelligence, Internet of Things, Cyber Security, Big Data Analytics and Soft Skills through Future Skills Prime, a skilling ecosystem focused on emerging technologies, powered by Ministry of Electronics and Information Technology.

#### **Value added courses:**

Apart from the academic curriculum prescribed by the University, a Value-Added course on Quantitative and Qualitative aptitude was conducted for the final year BCA attended online certificate courses on Artificial Intelligence, Internet of Things, Cyber Security, Big Data Analytics and Soft Skills through Future Skills Prime, a skilling ecosystem focused on emerging technologies, powered by Ministry of Electronics and Information Technology.

#### **Internships**

The students of Under Graduate and Post Graduate Programmes register for internships to have an industry experience.

#### **Industrial visits:**

In order to have an exposure to industry every department organise field visits and industrial visits to enhance the learning experience, to have a hands-on experience and to have a wider industrial knowledge exposure.

Some of the visits include –

- visit to Dairy Delight Ice Cream factory and Regal Bag factory Bengaluru, the visit enriched the students' knowledge about the manufacturing process in the industry
- Staff and final year students visited the Police Commissioner Office and interacted with DCP K Ramarajan. He spoke about precautions and prevention against cyber-crimes. Budding Journalists had practical exposure to Command center activities such as Social Media Wing, GPS & Media Monitoring and control room for different operations related to various crimes. Inspector Anand, PSI Tippu Sultan Naikwadi and ASI Pavithra gave practical insight to helpline 112 and Save-the-Soul Suraksha App. Mr. Jagadish briefed about CAD Dashboard monitor and tracking of Hoysala Vehicle. Cyber Cell Cops gave PPT Presentation on Cybercrime.
- Industrial tour to Coimbatore and Ooty, and visited Sri Naren Textiles in Coimbatore and Doddabetta Tea & Chocolate Factory in Ooty.
- The Department organized a one-day Industrial visit for to Regal Bag Factory and Dairy Delight, KR Puram, Bangalore.
- As part of the practical requirement of the final year degree program, the students were taken on an industrial visit to Mysore where they visited two industries. The first one being Sula Wines, Channapatna The next company that we visited was the Mysuru Milk Union Limited (MYMUL).
- The Botany, Biotechnology and the Eco Club members visited the Lalbagh Flower Show organised by the Lalbagh Botanical Garden on account of celebrating the 75<sup>th</sup> year of India's Independence- Azadi Ka Amrit Mahotsav.
- Academy of Pastry and Culinary Arts to observe and study the process of baking.
- .Indian Institute of Pasty and Culinary Art a unit of IIHM – 16<sup>th</sup> July 2022 and 23<sup>rd</sup> July 2022 –
- Industrial visit to Kaiga Nuclear Power Plant in Karwar, Karnataka. It has four units with pressurized heavy water reactors of 220Mw gross. The main idea of the

Industrial visit was to show the students how the various proceedings happening in Kaiga generating station (KGS) and opportunities it provides for students to get into internships and job opportunities for B.Sc. The students had good time to explore and learn the working model of power station.

- Local exhibition at DGQA- Directory General of Quality Assurance, Bangalore organized by the Govt. of India, Ministry of Defense. The students could explore equipment's and model of radars and engine's, which is used in Indian army , they gained lots of knowledge from this informative and it was fun learn exhibition.

### **Outreach Programmes :**

- The Department of Management Studies organized an Outreach program to Arpana School for Special Education, All Saints Church, Bangalore.
- The Department organized a community outreach workshop titled "Mental health for all ". In this collaborative initiative we partnered with the Eudaimonic centre and the NGO Maarga, Bengaluru, which is a community-based organization of people living in slums in Karnataka.

Various kinds of interdepartmental and inter class competitions are organized to showcase the talents of the students.

### **VACCINATION DRIVE:**

The College in association with BBMP organized a two-day vaccination drive for all the students and staff of the college . A large number of students along with staff and their families benefited from the drive.

### **COVID-19 TEST DRIVE**

In December 2021, The college in association with the Bruhat Bengaluru Mahanagara Palike (BBMP)organized an RT-PCR TEST for all the second and third-year students on the 16<sup>th</sup> and the 17<sup>th</sup> of December. A random selection from each class was made. The students were sent class-wise to the seminar hall for the test. Around 250 students benefitted from this drive. All COVID-19 protocols were followed on both days. The student council along with the Student Welfare Committee helped maintain decorum and social distancing. The students received their test reports a few days later. The results were negative for all the 250 students who underwent the test.

### **Voter ID registration**

The staff welfare with Dept. Of Political Science organized Voter Registration and Verification

**Students are encouraged to do Community service through various clubs such as Rotaract Club, Eco Watch Club, E-Cell.**

A few of them include:
